LOCAL ITEMS.

—Wet.
—Rain.
—Pleasant.
—More wet.
—Not so dry.

—J. C. Lane has purchased the old West corner, store and dwelling house.

—The wall of the house at the rear of Lanes Bros' store is finished and they are covering it.

—Messrs. Fry and Nugent are doing a lively business in the manufacture of shingles. They sell them very reasonable.

—North Carolina has paid for fertilizers within the last twelve months \$3,000,000; Georgia \$2,000,000; Virginia probably more.

—Mr. W. H. H. Lane, agent for Mr. G. G. Green, for the Southern States, was in town Tuesday. He is looking none the worse for wear. His wife accompanied him on the present trip. They staid over one day and visited the grave of ex-President Johnson and other sights of Greenville.

—Old Wheeler & Wilson's made to sew as well as when new for \$3, or liberal exchanges made. T. R. BURGIE, Ag't.

—The Health Reformer for June is on our table. As usual, its pages are replete with choice information on many important topics pertaining to health. The liberal and practical character of its contents makes this the most popular of all the health journals. Published at Battle Creek, Mich.

—Ladies and Gentlemen, are invited to call at the Wheeler & Wilson Office, corner Willhoit's block, and examine the New System Sewing Machines with Strait & Curved Needles, before buying any others. Prices and terms reasonable. All the latest attachments furnished without extra charge. Machines delivered and full instructions given in their use.

T. R. BURGIE, Ag't.

—We have received the biennial report of State Comptroller J. L. Gaines. It includes several items not heretofore within the purview of that office, chief of which is the matter of railroad taxation. The railroad companies accepting the provision of the law of 1875, to commute all taxes by paying a fixed sum, have paid into the State Treasury, as taxes for 1875, \$70,536.10. Those companies that have not accepted this provision have been assessed, just as other property is; and they having appealed to the Courts, a decision has just been reached in the Supreme Court favorable to the State. So these recalcitrant roads will have to "pay up." The Comptroller estimates the necessary disbursements for 1877, exclusive of interest on the public debt, at \$707,200.

FAIR.

It is very much desired that all our people prepare something for the Fair on Sept. 26th, 27th and 28th, next. The premiums are very liberal and all cash, and not only for the persons sake but for the good name of our country. All should take an interest in this matter.

SPECIAL PREMIUMS.

A great number of persons have kindly offered special premiums for articles to be exhibited at our next annual Fair, but several of them have not named the article they desire to encourage by competing for such premium. Will the persons who have failed to name the article be good enough to do so at once, as the list will go to press this week. J. A. GALBRAITH, Sec'y.

DIED.—Hiram P. Daily, died to-day at about ten o'clock. He has been ailing for some time. His disease was caused probably by the "flowing bowl." He was a generous, kind obliging, neighbor, a good citizen and a firm friend. Peace to his ashes.

—Geraniums and tube roses love to bloom in Greenville.

UNION CAMP MEETING.

The Committee:—Brot. W. I. Dodd, D. R. Britton, S. K. Brooks, E. M. Rambo, D. M. Dobson, J. A. Galbraith, A. J. Alexander, G. M. Smith, Thos. Lane, Sr., Wm. N. Bell, W. B. Harrington and L. W. Tipton will meet Thursday 26th, 1877, at Alexander's Mill east of Greenville some four miles for the purpose of making arrangements about the grounds and setting the time for meeting.

—Our attention has been called to some new and useful cooking utensils, recently invented which make baking and cooking a pleasure, instead of a dreaded necessity. One of which the Centennial Cake and Baking Pan made of Russia iron is so constructed that you can remove your cake when baked instantly from the pan, without breaking or injuring it, and you can remove the tube and convert it into a plain bottom pan, for baking jelly or plain cakes bread etc. Another—the Kitchen Gem—a plated wire boiler or steamer to hang inside of an ordinary iron pot, for boiling or steaming vegetables etc. which when done can be removed perfectly dry, without lifting the heavy sooty iron pot off the stove avoiding the danger of burning the hands with the steam in pouring off the hot water and the vegetables can not possibly burn if the water dry, as the steamer does not touch the bottom of the pot. These goods are sold exclusively through agents to families and every house keeper should by all means have them. A splendid opportunity is offered to some reliable lady or gentleman canvasser of this county to secure the agency for a pleasant and profitable business. For terms territory, etc., write to L. E. Brown & Co., Nos. 214 and 216 Elm Street, Cincinnati, Ohio.
